

GLOBAL VAULTING SOLUTION

A global first, Custodian Vaults now offers an international private vaulting solution, which can be utilised by clients who reside anywhere within Australia or around the world.

This solution, which we have developed in conjunction with our trusted advisors William Buck, allows private clients, business partners and families the safety and security of storing their precious assets with an independent private vault.

Irrespective of where you are located on the globe, clients utilising this service can:

- 1 Have their precious assets stored in their own non-bank, high security, purpose-built bullion vault, which is located in Sydney, Australia
- 2 Buy and sell precious metals through our sister company, ABC Bullion, twenty-four hours a day

William Buck will act as an independent consultant to facilitate this process, and will perform the following services:

-  Take delivery of your property to be stored in Custodian Vaults
-  Verify that the assets have been placed in a vault issued in the client name
-  Securely store both sets of keys that are issued for the clients private vault
-  Provided with an annual inventory of holdings at the end of the financial year

Clients will be issued with documentation reflecting vault hire, insurances (upon request) for non-bullion items and an annual inventory.

WHO IS WILLIAM BUCK?

William Buck is a leading firm of Chartered Accountants and advisors with offices across Australia and New Zealand. Established in 1895, they have over 90 directors and 500 professional staff, and are wholly owned and operated in Australia and New Zealand.

"William Buck has been a trusted advisor for Custodian Vaults and its parent company, Pallion Group, for many years. We are delighted to work with them to offer this service to our valued clients."

- Janie Simpson, Managing Director, ABC Bullion
